

The Grinning Barretts

BOTTLE HYMNS FULL LENGTH LP – ONE SHEET

The Grinning Barretts are a 6 piece, bagpipe strangling, vocal chord mangling, Riot Brew imbibing, Vancouver Island Celtic punk rock frenzy. They've taken Celtic sounds & mashed them up with gritty hardcore punk rock passion to create a wild ride of originals, tradionals & additional.

Released on Outhouse Records July 10, 2023, Bottle Hymns is the culmination of 4 chaotic years. Ups, downs, hopes, fears, steps forward and steps back, these tracks come from the heart, and lay bare the frustration, joy, anger, sadness and love experienced over trying times. 7 original songs, and 4 re-imagined traditional numbers, ready for radio spins this album has tracks that will appeal to all listeners. All with the Barretts signature mashup of bagpipes, banjo, and fiddle laid over a bedrock of blistering punk. From the haunting intro to the final good night (and joy be with you all) the pit, and the pipes are calling.

FEATURE TRACK – HOPE LIKE HELL

Wishing well to friends kept apart by restrictions, and anger at the bigoted manifestations that boiled to the surface over the course of the pandemic, Hope Like Hell channels all of that dichotomy as plainly as it can. With driving verses, sing-along choruses, and a gritty in your face bridge, this track carries the torch of Rancid, Real McKenzies, and maybe even a touch of Blondie
